Processing your request in advance of other requests the City receives would not be fair to other citizens.

For your use and reference a link to the California Public Records Act (Government Code section 6250 et seq.) is provided below, and the section establishing the response time for public agencies highlighted below.

This email correspondence completes the City's response to your request. As previously noted, there is no need to copy other City staff for submitting a records request; responses will be issued timely in the order requests are received.
